Dinner and Silent Auction

April 13, 2003
The Hilyard Community Center
Eugene, Oregon

*To Serve and Celebrate
the Autism Community
through art, education, and recreation.*

With warm hearted whimsy,
an open sense of family and
a deep level of caring,
we reach inside ourselves to
embrace our flaws,
gather our strengths,
and offer our love
while reaching out to people with
autism spectrum disorders,
their families and care givers.
Through the power of
self-advocacy in an atmosphere of
acceptance and respect,
autistic and
neuro-normal people alike
can work toward self-realization.
